

# FamilyReady™ Carrier Screen

The Most Accurate & Comprehensive Carrier Screen in the Market

## What is FamilyReady™ Carrier Screen?

- EvolveGene® developed the **most complete carrier screen** with the best detection rates for genetic disorders in one test to avoid the need for reflex testing.
- Fertility & genetics experts at EvolveGene® have designed one advanced expanded carrier screen of thousands of variants in >200 genes associated with genetic disorders **relevant for all ETHNICITIES.**
- A superior carrier screen using **the latest in comprehensive Next Generation Sequencing (NGS)** technologies for sequencing + deletion/duplication analysis.
- Assess your reproductive risk to have a child with genetic disorders such as Spinal Muscular Atrophy & Alpha-thalassemia.
- EvolveGene® has **the most accurate Fragile X Syndrome testing** for females with optional AGG reflex interruption analysis available.
- We provide **High Accuracy & Detection Rates of >99%** for known & novel genetic mutations in CFTR, DMD, FMR1 plus many more!
- The American College of Obstetricians and Gynecologists (ACOG) is now recommending **every woman be offered pre-pregnancy genetic screening.**

## Evolve Advantages: FamilyReady™ Carrier Screen

- **Rapid Turn-around Times & Reliable Results**, get your report sooner & have confidence in what your carrier status means
- Utilizes **Blood or Saliva Testing Kits**, for screening that is convenient & fits into your life
- Available globally with access to **Complimentary Genetic Counseling** consultations both pre- & post- test
- EvolveGene® can help **you** make informed reproductive decisions

**SCREEN TODAY. PROTECT TOMORROW.**
