

Evolve FertilityReady™ Screens

Know Your Reproductive Potential Today

Screens that look for Genetic Factors that Cause Infertility

♂ Male FertilityReady™ Screen

♀ Female FertilityReady™ Screen

♀ POF FertilityReady™ Screen

What are FertilityReady™ Screens?

- FertilityReady™ Screens provide **comprehensive insight into the genetic makeup of a person** and allow for a more **personalized and refined diagnosis** and the opportunity for **tailored fertility treatments**.
- Superior genetic screening using **the latest Next Generation Sequencing (NGS)** technology for sequencing + deletion/duplication analysis + **chromosome analysis***.
- We provide **High Accuracy & Detection Rates of >99% for most genes screened** to assess your reproductive risks at the genetic level.

*MolecularKaryotype™ included with Male & Female FertilityReady™ Screens

Bringing a New Perspective to infertility care: Who should have a FertilityReady™ Screen?
